Training Highlights

AQHA Professional Horseman, Triple CERTIFIED Professional Trainer, Rider, Motivational Coach and founder of "Soft Touch" Horsemanship TM, Teresa Kackert is unique in both her abilities and qualifications. Here is a more specific summary of what you and your horse can expect from us when you train with Teresa Kackert & Great Horses of America. Our combined family horse training experience currently on staff now totals over 80 years! Teresa is Professionally CERTIFIED by THREE independent and nationally recognized horse-training organizations ï you & your horse will know the difference: classical equitation meets natural horsemanship!

Regardless of your horseôs training or experience level, he or she will get a rock solid basic horsemanship, foundation and safety skills refresher when they arrive. In addition, we can train them in any other area you specify. More skills means more pleasant experience for horse & rider.

Leading ï politely	Cross Tying	Fly masking	Trailer loading / unloading
Grooming	Straight tying	Round penning	Tacking / cinching
Fly Spray	Wash rack tying & bath	Standing quietly	Wormer administration
Hoof Picking	Picket line tying	Multiple horse environment	Quiet bridling

One of our fundamental philosophies that sets us apart from 99% of the horse training industry is that we believe "confidence" is critical to the learning and communication process ï for both the horse and handler. Our 1-acre confidence course was designed and created to both enable and re-enforce this principle. We have over 20 obstacles both static and dynamic that provide both common and uncommon trail, stable and street situations:

Water crossing	Black silt fence	Bridge platform	Spinning wind animals
Bank step up & down	50" colorful ball	Multiple logs	Flags
Ground poles	Blue tarp	White tarp	Helium balloons
Rainbird sprinkler	Hay bale maze	12" overhead arch	Plastic bottle trash field
Colored barrels	Rubber tire field	Serpentine tubes	White canvas tarp

We also lease over 900 acres of PRIVATE trails to reinforce our training process. When under saddle, your horse will benefit from our years of experience both training and professionally showing horses of different breeds and different disciplines. We will evaluate their current skills and teach them as many new ones as both you and he would like: decades of professional experience and effective communication is the key to success in these areas as well as any other possible behavioral or skill issue. We are the PROôs, weôre here for YOU!

English or Western	Trail, Hunt, Jump, Dressage, Show	Flexibility ï proper bending
Walk, trot, canter	Proper leads / balanced riding	Controlled stop
Comfortable Transitions	Gentle backing	Confidence building course
Trail riding	Quiet standing	Turns on the forehand / haunches
Flying lead changes	Side passing	Neck reining

Good luck and enjoy the wonderful world of horses!
